

THE PIKES PEAK CLUB

www.thepikespeakclub.org

A fellowship serving in partnership with the regional non-profit community

Bulletin for August 14th, 2014

We were able to guarantee the absence our president by bringing her favorite cookies. She never shows up for the homemade Oatmeal-Raisin.

So **Skip** did the honors today and paid off **Terry Z.** for the privilege.

Mike Holder led our prayers and led the pledge.

Announcements:

- Board Meeting – August 27th, 5:30pm at **Dana's** office.
- **Lunch at the new Library 21C – August 28th**. You need to sign up for this as we will have box lunches brought in for everyone who signs up. This is the new library on the NE corner of Jamboree Dr. and Chapel Hill Drive just north of Chapel Hills Mall. This is an amazing library for the 21st century. Come up there and see why The Pikes Peak Library District is thriving while other library districts fade in the light of today's technology.
- Some of our member will be at Seeds Cafe on Tuesday, Aug. 19th at 11:30am and, as approved by the board, we will be presenting the first check to Seeds Cafe. Join us if you like and you can have your lunch and either pay for it or work for it.
- **Terry Z.** is selling 2005 Lexus 300 with only 33,000 miles on it for \$13,500. Call him for more details.

Kulture:

Skip was fined for his sense of humor.

Former member Gay Hatler is building upon his success at Village At The Bluffs (low income housing) and is actively planning and working on building another complex at the corner of Vickers and Union. Some of our members are on the board at Village At The Bluffs and are helping Gay with the new one as well. Sounds like we should have us come talk to us.

John P. updated us on the campaign for the upcoming vote for the Stormwater Enterprise. We can probably count on it passing with the continued lack of support from some of our elected officials giving it credence.
